J. B. Drury, President, is now in San Francisco baying power drills for the Golden Gate Mine. They have 550 acres of valuable mineral land, sinking a double compartment shaft on the mother lode, Eldorado Co., Cal., four distinct ledges of ore, assaying all the way from \$10,00 to more than \$10,00.00 a ton. There is no better proposition on the market to-day than Golden Gate. Par value of this stock is \$1.00 per share: you can buy it to-day at 5 cents. FOREIGN NEWS HAS A BULL ISH TINGE.

BY LOCAL PROFESSIONALS.

Exporters Are in the Market and Cash Demand Shows. Improvement.

There was a brisk but almost purely speculative advance in the local grain market where Armour was said to be again active on the buying side, local traders who were long, encouraged the upward movement. The only legitimate basis the a better feeling was the improved tone of the foreign markets. French and English cables came higher and it was reported that France was again a buyer of American whent. This statement was not verified, but it was noted that some of the local buying was by prominent exporters. The market closed with an advance of 5-4/4c.

Corn was also well supported. Though receipts were again heavy the stocks in store were on the decrease and there was a table of the decrease and there was a table of the stocks in store were on the decrease and there was a Saturday. Following the lead of Chicago,

brisk export inquiry which caused the price Wet hides should always be thoroughly cured of futures to advance %614c. Cash Grain, Flour, Etc.

8865-CHILDS' BOX PLAITED COAT 1, 2, 4, 6, 8 and 10 years.

CHILD'S BON-PLAITED COAT. NO. 885-Many of the season's most attractive cutside garments for children are made to fit high in the neck, but not provided with shields and standing collars, like those collections of the control of the fit high in the neck, but not provided with shields and standing collars. Ilke those worn last winter.

The coat illustrated in this style is developed in marine blue cheviot with white lace and blue velvet for trimming. The adjustment is accomplished with shoulder and under-arm seams. Box plaits extend from shoulder to hem, back and front, these plaits are stitched down a short detance, but flare below the waist and hang loosely in box effect.

The closing is made in double-breasted style, with large pearl buttons two rows decorating the fronts. A broad cape collar of white lace is partially covered by one of velvet. Both are included in the neck, which is finished with a stitched strap of white taffeta. Motifs of lace decorate the velvet cape.

Several rows of machine stitching finish the front and lower edge. The sleeves are litted closely to the upper arm with inside seams. They are quite wide at the wrist, where they are gathered and completed with velvet cuffs. Motifs on the cuffs match those used to decorate the collar. Coats in this style are made of broadcioth, covert, beaver, velvet or carduroy, with one or two cape collars, as preferred. To make the coat for a child of six years will require two and one-quarter yards of material forty-foor inches wide with half yard of all-over lace. The pattern, No. 886, is cut in sizes for children of 1, 2, 4, 6, 8 and 10 years.

MISSES COAT WITH SECTIONAL COLLAR (PERFORATED FOR THREE-QL'ARTER LENGTH), NO. 834-Very few long fitted coats are seen this season. The first idea seems to be to have outside garments as loose as possible, so all the Monte Carlo coats and full-length garments follow these lines.

To make the coat for a miss of 11 years, will require three yards of material, fifty-four inches wide. The pattern, 854 is cut in sizes for misses of 12, 14 and 16 years,

trimmings. It is lined throughout with pale pink brocade. The adjustment is made with shoulder and under-arm seams.

At the center back an inverted box plait is arranged that is flatly pressed at the neck-but provides additional fullness around the bottom. The closing is made in double-breasted style with brown velvet buttons. A shallow collar band completes the neck. The upper part of the sectional collar fits well, and is attached to the band. It extends out over the shoulders, giving becoming breadth to the figure. Fancy ornaments of velvet trim the seams.

The sleeves are in one piece, fitted with inside seams. They are stashed at the lower edge and finished in an odd manner. Several rows of machine stitching complete the fronts, hem and sectional collar. The pattern is perforated for a three-quarter length garment, if it is preferred.

Coats in this style are made of heavy
